- VII. Philly Pretzel and Otis Spunkmeyer Cookies in Outtakes**
- VIII. Meal Plans**
- IX. Student – we need more employees and we need students for focus groups**

We noticed the microwave in the Campus Center dining area – We love it! Thank you!

I have to compliment you guys. My boss doesn't plan ahead and Kellie really came through for us today with coffee. We couldn't get the donuts but we had great coffee!

The donuts at The Docket are stale.

Have hot dogs, salt & vinegar chips

Flatbreads is very good, but it's hard to see the pizza flavors in the display case (the shoot)

Pretzel sampling at business SPEA was great, everyone really liked it.

I haven't tried it yet.

Do you sell them at the Law School?

You should sell them cheaper as a day old product.

Cheese sauce would help

Pretzels sold like hotcakes when Business SPEA had them before (Chartwells)

I've stopped checking, but is the cappuccino machine still broken at Jag Connection?

Josh explains the water pressure issue.

Can we get instant cappuccino? What about syrups? Vanilla flavored Coffee or have syrups available: chocolate or vanilla

The HR experience needs to be beefed up. The appointment was forgotten 3 times: paperwork and interview

Some of the pastries at Caribou look amazing! I've never tried them but oh my goodness!
