

# SCHOOL OF DENTISTRY NEWSLETTER

INDIANA UNIVERSITY-PURDUE UNIVERSITY at Indianapolis

JANUARY-FEBRUARY 1972

DEAN RALPH E. McDONALD AND DR. MELVIN LUND participated in the Fifth Dental Congress in Sao Paulo, Brazil on January 24-28, 1972.

During the previous week, Dr. McDonald presented a paper at the First International Dental Congress in Rio de Janeiro, and met with the faculty of the Dental School of the new State University of Guanabara.

Dean McDonald reports that there are 12 alumni of Indiana University in Brazil and eleven of them have degrees from the School of Dentistry.

APPROXIMATELY 100 FACULTY MEMBERS, graduate students, and guests are expected to attend the Second Annual Interim Teaching Conference from 5:30 p.m. to 9 p.m. Tuesday, Feb. 29, 1972 in Room S116, Dental Building.

Dr. James E. Weigand, Associate Professor of Education on the Bloomington campus, will present the program on "The Art of Asking Questions." Dr. James R. Roche, Chairman of the Teaching Committee, reports that Committee members met with Dr. Weigand for a program preview Jan. 18 and were greatly impressed with the speaker and his material. Faculty members and graduate students may still register by sending the \$2 fee to Mrs. Nancy Stillabower, Graduate Pedodontic Dept. (Checks should be made out to "Teaching Committee"). A smorgasbord-style dinner is included.

Students who will represent their classmates at the Teaching Conference include: John Overman, Senior; Ralph Day, Junior; Russell Beckett, Sophomore; Robert Vollmer, Freshman; Tory Casady, second year dental hygiene; Cathy Drook, first year dental hygiene. Larry Pampel will attend as student representative to the Teaching Committee.

INTERNSHIPS HAVE BEEN AWARDED to the following senior students, the NEWSLETTER has been informed: Tom Hickman and Dave Lukosik, Air Force; David Pitts, Michael McDonald, and Charles Valentine, Army; E. Kent Fritch and John Gromer, Veterans Administration internships in Houston and Indianapolis, respectively; Craig McEwan and Robert Gebfert, private hospital internships in Albany, N. Y., and Detroit; Robert E. Sexton and Charles R. Walker, Jr., Long Hospital - Oral Surgery; Stephen Branam and Philip C. Walter, Riley Hospital - Pedodontics; and Donald R. Walker, General Hospital - Oral Surgery.

DESPITE THE WINTER CHILL, red-hot competitive spirit is rising again over the Seniors vs. Faculty basketball game to be played at 7 p.m. Friday, February 18, at the Kennedy Middle School, 1515 South Meridian Street.

All proceeds of the game will be used to provide dental care for needy children. Tickets are \$1.25 for adults and 75 cents for children and will be available at the door.

There will be a party after the game at the Indianapolis Day Nursery, 1105 South Blaine, with an additional charge of 75 cents for adults and 50 cents for children. Refreshments will be served, and a band will be on hand. Maps showing the route to the party site will be available at the game.

In last year's contest the Faculty lost by one point and will be out to even matters, according to Coach Ray Maesaka, who will attempt to fill the ample shoes of the Faculty's retiring leader, Dr. Fred Hohlt.

Coach Stan Crunk of the Seniors said in a pre-game statement: "If we don't beat them by 15 or 20 points, I'll be disappointed." A member of his squad, Steve Branam, reportedly went further and predicted that the Seniors would win "by at least 120 points."

The Senior players are: Larry Pampel, Perry Wainman, Phil Walter, Bob Holloway, Chuck Bewick, James Little, Jack Overman, Michael Duch, Michael Dean, Brank DeBruhl, Charles Walker, Gunner Richardson, Tom Pugh, Leonard Garceau, Ron Corley, Steve Branam, Claude Willis, Michael Gull, Doug Bateman, Vaughn Metz.

Huffing and puffing for the Faculty will be the following: Drs. Don Arens, John Haslem, Phil Pate, John Bailey, Larry Graham, Robert Ketcham, Ned VanRoekel, Lloyd Phillips, Michael Farkas, Michael Kafalias, George Tiffany, Steven Bradley, David Avery, David Jordan, James Wahl, Ray Maesaka, Coach.

The whole affair is a project of the Dental Dames, whose president is Mrs. Trish Branam.

MORE ON THE SPORTS BEAT...It looks like another great year for the School of Dentistry basketball team, which won the Medical Center pre-season tournament last fall and at last report was 3-0 in league play. Team members include Roger Miller, former basketball player at the University of Evansville; Steve Ward, who won four letters in basketball at Earlham College and was named to the Indiana College All-Star and the NAIA (National Association of Inter-Collegiate Athletics) All-American squads; Vaughn Wedeking, guard at Jacksonville University for three years and co-captain in 1970-71; Stan Crunk, Rick Blake, Dick Walker, Ron Corley, Bob Holloway, Rich Stackert, Phil Walter, Perry Wainman, and Don Walker, coach.

ADDITIONAL LOCKER ROOM ITEMS...Other sports as well as basketball are represented in the Dental School. Steve Ward was a star trackman at Earlham and won the broad jump event in the Big State track meet at Notre Dame. Dick Walker played football and baseball at DePauw and won the Most Valuable Player and Pitcher of the Year awards. Vaughn Metz was a varsity outfielder at Butler and Rick Blake was a pole vaulter at the same school. Tom Fugh won three letters in baseball at Purdue and led the team in hitting twice. He also won an MVP award.

Jim Henry, a sophomore dental student, was a star diver on the IU swimming team. He won five NCAA titles, 10 national AAU titles, and a bronze medal in the 1968 Olympics. Charles Jones swam the breaststroke for Evansville U. and made small-college All-America. Donald Bortz played guard on the Knox College basketball team and George Kopko played basketball and golf at Aquinas College.

Others with sports backgrounds, as reported to the NEWSLETTER, include: Cleodius Walker, football and wrestling at Evansville U.; Brad Korn, basketball at Indiana University-Purdue University at Fort Wayne; Tim Worley, cross country at Butler; Jeff Rhoades, swimming at DePauw; Mike Warren, baseball at Berry College; Beth Johns, water polo at Indiana University; Jim Ehlebracht and Dave Marks, golf at Ball State and DePauw, respectively; Douglas Schmidt, wrestling at IU; and Sam Euler, tennis at Evansville.

Even this extensive listing is not complete, for yet to be mentioned are such well known personalities as Dr. Ray Maesaka, who played a dashing third base for Harvard some time ago, and Dr. Tim O'Leary, who played a rugged game of hockey a little before that.

DRS. WILLIAM CARR, B. C. Kerkhove, Norris Richmond, and Jack Showley will participate as guest dentists on the Channel 8 T.V. teleconference program scheduled for March 12 at 10:30 p.m. (air time). This program is related to the observance of Children's Dental Health Week. Dr. Stanley Braun is in charge of arrangements.

NEW OFFICERS OF THE PHRONESIS TOASTMISTRESS CLUB are Jane Smith, President; Esther Fuller, Vice-president; Helen Succop, Secretary; and Fern Mitchell, Treasurer. Other club members are Ruth Lively, Cleona Harvey, Sue Henderson, Mildred Snyder, Maxine Mingle, and Nilda Sangalang. Mrs. Smith noted that the International Toastmistress Clubs were organized in 1938 in San Francisco by a group of California women who saw that women must be able to communicate effectively if their influence was to be felt. Today, Toastmistress can do an important job in helping to lessen the gap between the traditional role of women and the expanded role of modern women.

Toastmistress emphasizes verbal communication. The meetings are actually programs designed to train the members in making assigned speeches and giving impromptu talks. Time is also allowed to develop a greater knowledge of words and their use.

The local club is now conducting a membership drive. Those wishing more information about Toastmistress should contact Mrs. Lively, membership chairman, or Mrs. Smith, President.

AT THE FACULTY COUNCIL MEETING on February 4, Dennis Bailey, junior dental student, issued an appeal for faculty members willing to help out with supervision of dental care provided by students on Monday and Wednesday evenings at the South Side Community Health Center, 234 W. Morris St. The Center was established three years ago by a group of community residents with the aid of the Medical School. Limited dental services, such as home care instruction, prophylaxes, and emergency care, have been provided since last May. Mr. Bailey, who directs the Dental Clinic, states that faculty volunteers are needed, even if they can spend only one evening a semester at the clinic. Student aid is also needed, especially a student to direct the program next year. Those interested in helping out should see Mr. Bailey or Robert Lindsey.

DEDICATION CEREMONIES FOR THE NEW ADDITION to the School of Dentistry are scheduled for Tuesday, May 16, 1972. The program provides for two scientific sessions, to be presented concurrently, from 9 to 10:30 a.m.; the dedication exercises at 11 a.m., to be held in a large tent south of the building; a catered luncheon at noon; and tours of the new addition from 12:30-2 p.m.

For the scientific sessions, Dr. Paul E. Glassman, president of the American Academy of Implant Dentistry, will speak on "Endosseous Implants in Restorative Dentistry," and Dr. Paul E. Hammons, Chairman of Operative Dentistry at the University of Alabama, will speak on "Another Look at Expanded Duties for Dental Auxiliaries."
