Lives on campus

Enjoys the Taco Salad or Cheeseburger... I don't really care for Chick-fil-A.

I eat at different times of day every day, it really just depends on when I want to eat. I don't go at noon, ever, but I go at 2.

I like the breakfast... especially the bacon

I would really like to see shrimp pasta, maybe at Taste of...

You guys are doing a great job expanding and offering more things.

The meal plan is great! Very exciting and convenient.
