Subject: Update Meeting

I did appreciate the opportunity to address you during our Update Meeting at the National FFA Center. Your comments concerning my research were appreciated. Hopefully each of you can find utility in the information presented.

Because of the controversial nature of the report, my department head, Dr. Larry Rathbun, has directed me to alert each of you to the fact that the appearance of "California Polytechnic State University" on the title page does not constitute institutional endorsement of this research. As noted in the preface, the primary research was conducted at Virginia Polytechnic Institute and State University, Blacksburg. All credit should be focused toward Virginia Tech, not Cal Poly, for the contents of the final reports.

I regret this oversight on my part. I would not want to discredit Cal Poly.

Thanks for your positive and continuing involvement in Vo-Ag/FFA. We can make a difference.
