Die Antrag dass am 1. Dezember gefasste Beschlüsse, in Bezug auf Abänderung der ersten Kapitel, bedingte Revision des Statutes, würde angenommen, und mir folgt angenommen;

## AMENDMENTS.

§ 28. On December 1, 1907, §'s 15, 16, and 17 of these By-laws were amended so as to read as follows:

AMENDED § 15. The courses of instruction to be offered by the Normal College shall be prescribed by the Board of Trustees. These courses shall include:

1. *College courses*, open only to matriculates.
  - a. A one-year course open to matriculates that meet the requirements for admission to the Seminary in German Language and Literature. This course shall lead to certification as Teacher of Physical Training for Gymnastic Societies.
  - b. A two-year course leading to the title of Graduate in Gymnastics (G. G.).
  - c. A four-year course leading to the degree of Bachelor of Science in Gymnastics (B. S. G.).
  - d. Graduate courses leading to the degree of Master of Science in Gymnastics (M. S. G.).
2. *Elementary and special courses*.
  - a. An elementary one-year course, open to male nonmatriculates that have attained a high degree of proficiency in gymnastics (*Turner der zweiten oder der dritten Stufe*), and meet such additional requirements as may be prescribed, including a satisfactory knowledge of German. Students who complete this course, shall receive a certificate to the effect that they are qualified to teach gymnastics in schools maintained by societies of the North American Gymnastic Union.
  - b. Special courses in subjects taught during the college year. Persons desiring to attend the Normal College for special work in any department, may be admitted as special students by the dean of such department if they give satisfactory evidence that they are qualified to pursue with profit the subjects they wish to take. Special students shall receive certificates that cover the work satisfactorily completed by them.
  - c. Summer courses. Special courses in the theory and practice of physical training, and in related subjects, open to persons that are qualified to pursue profitably the work chosen by them. Certificates shall be given for work satisfactorily completed.

AMENDED § 16. (REQUIREMENTS FOR MATRICULATION.) The college courses offered by the Normal College (cf. Amended § 15, 1) shall be open only to applicants that meet the following requirements: *a.* They must be persons of good moral character who are physically sound, well-formed, and not undersized, and whose physical training enables them to derive the full benefit from the courses in gymnastics offered them. *b.* They must have completed the four-year course of an American high school that requires the completion of an eight-year elementary course for admission to its first-year class; or they must have passed equivalent entrance examinations in approved high school subjects, including at least three years of high school English. *c.* They must meet such special and additional requirements as the Board of Trustees may prescribe.

AMENDED § 17. The term *graduate* shall be restricted to persons that have been granted the title of Graduate in Gymnastics or the degree of Bachelor or Master of Science in Gymnastics; and said title and degrees shall be conferred only on those who fully meet the requirements for matriculation outlined in Amended § 16 of these By-laws.
