Student Outcomes

The Indiana University School of Medicine Health Professions Programs offer degrees and course work in:

Emergency Medical Services
(EMT Basic open to all IUPUI students)

Clinical Laboratory Science, B.S.

Cytotechnology, B.S.

Histotechnology, A.S. or Certificate

Medical Imaging Technology, B.S.

Nuclear Medicine Technology, B.S.

Paramedic Science, A.S.

Radiation Therapy, B.S.

Radiography, A.S.

Respiratory Therapy, B.S.

These programs are housed within appropriate clinical departments in the Indiana University School of Medicine but are collectively called the Health Professions Programs (HPP).

The Indiana University School of Medicine Health Professions Programs are committed to the excellent quality preparation of health personnel who have a concern for the well-being of the people they serve. The programs integrate teaching, research, and service through the efforts of their faculty and student. This integration results in high-quality programs that have a significant positive impact on health care.
